

WASHINGTON STATE
CHARTER SCHOOL
COMMISSION

**Notice of Amendment to RFP – Executive Summary & Application Rubric
June 11, 2014**

Applicants,

The Washington State Charter School Commission has amended the current Request for Proposals (RFP) and Rubric for Charter School Applications. In an effort to be fully transparent, the Commission has amended the Executive Summary section of the RFP so that applicants can disclose their intent to request an additional planning year that would allow the applicant to open their school in the fall of 2016. The Rubric has also been amended to reflect this change to the RFP. Please visit the Commission's website or its online application portal, Fluid Review to access the amended RFP and Rubric.
